

Pick Up the Phone (Francis Preve Remix)

Dragonette

Come on Cherry, Cherry
You're still very young
And we've only just started having fun
I'm picking fruit and I choose you, you're so cool
No need to save yourself for someone else to come So we went completely wild
We kicked over a city street light
And Saint Thomas was vandalized
And I am sorry but I'm not surpr-i-i-i-ised Pick up the phone
Pick up the phone
Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Oh-oh oh oh-oh oh oh (4x) Oh Cherry, Cherry
I'll read your fortune
It says here you're too serious and such
But I've learned one thing Cherry
You should understand
That nothing really matters very much So we went completely wild
We were married in the Vegas style
And our families were scandalized
Now I am sorry but I'm not surpr-i-i-i-ised Pick up the phone
Pick up the phone
Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Oh-oh oh oh-oh oh oh (4x) Yeah we started the fire, it's out of control
Painted the town 'til it was up in smoke
So tie a ribbon 'round it
Let the fires drown it
And well go down in the books
Oh-oh oh Yeah we started the fire
And its burnin up (Oh-oh oh)
Everywhere around us take a photograph
But if they ever found us
They'd have us surrounded so pick up
You know you gotta pick it up
Oh-oh oh Pick it up (Oh-oh oh)
Cherry pick it up (Oh-oh oh oh)
Pick it up oh ooh Pick up the phone, pick up the phone

Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Oh-oh oh oh-oh oh oh (4x)
