

# Fangs

## Little Red Lung

I buried your fangs in the heart of a deep well

Your mouth was on fire and bone sore

I know you dug for years below the ground  
Ooh ooh ooh ooh ooh ooh ooh  
You shouldn't be wild inside if you're  
a beast in the headlights

Shouldn't be wild, shouldn't be wild inside if you're a beast in the headlights  
In an instant your predator hands  
reached to the throat

I knew you were waiting to die the whole time

Your legs they swung for hours in semi-spires  
Ooh ooh ooh ooh ooh ooh ooh  
You shouldn't be wild inside if  
you're a beast in the headlights

Shouldn't be wild, shouldn't be wild inside if you're a beast in the headlights  
Shouldn't be wild inside if you're a  
beast in the headlights.

Shouldn't be wild inside if you're a beast in the headlights.
