

# Give Me Strength

## Snow Patrol

I choked back tears today  
'Cause I can't begin to say  
How much you've shaped this boy  
These last ten years or more  
My friends, we've seen it all  
Triumphs to drunken falls  
And our bones are broken still  
But our hearts are joined until  
Time slips its tired hand  
Into our tired hands  
We've years 'til that day  
And so much more to say  
You give the strength to me  
A strength I never had  
I was a mess, you see  
I'd lost the plot so bad  
You dragged me up and out  
Out of the darkest place  
There's not a single doubt  
When I can see your faces  
My friends, we've seen it all  
When it made no sense at all  
You dare to light my path  
And found the beauty in the aftermath  
Let me hold you up  
Like you held me up  
It's too long to never say this  
You must know I've always thought  
You give the strength to me  
A strength I never had  
I was a mess, you see  
I'd lost the plot so bad  
You dragged me up and out  
Out of the darkest place  
There's not a single doubt  
When I can see your faces  
You give the strength to me  
A strength I never had  
I was a mess, you see  
I'd lost the plot so bad  
You dragged me up and out  
Out of the darkest place  
There's not a single doubt  
When I can see your faces
