

# Where's That Girl

**SDIB**

I miss my sweet blue island rays  
And crystal blue water  
All I do is think about it  
Every night and day

Remember this girl  
Light brown skin and light brown eyes  
She's Hawaiian  
What I wouldn't give to be by her side

[Chorus]

Where's that girl walking around with those curls  
Light brown skin and light brown eyes  
She's Hawaiian  
Where's that girl walking around with those curls  
She promised me the world  
She promised me the world

I miss my sweet own family  
The music and sunshine  
Open ocean feels so free  
I'm proud to be Hawaiian

Light brown skin and light brown eyes  
She's Hawaiian  
What I wouldn't give to be by her side
