Gettin' Me Right

Patrick Britt

I've done alot of messin' up get me right, I've had my fair share of heart breaks an advice an that night I came home, with a cut under my right eye. Is the same I drunk my first beer made my mama cry, an my daddy sat me down, said boy don't be a fool! You got a little brother following every footstep an every move.. Done a lot of messin' up, not quite enough fessin' up but I got a good thing going now, no slowing down keep rollin' when the times get tuff.. Got someone that loves me.. An I got the good lord above me..so I can sleep in piece when I lay down at night, I've done alot of messin' up gettin' me right.... I've done alot of messin' up my senior year.. Just looking for a big time let the good book disappear.. An my daddy sat me down,as he wipe his eyes clear.. Said you put a hurtin' on his family an everything that we own here.. I've done a lot of messin' up not quite enough fessin' up but I got a good thing going now, no slowing down keep it rollin' when the times get tuff.. Got someone that loves me.. An I got the good Lord above me.. So I can sleep in piece when I lay down at night.. I've done alot of messin' up gettin' me right! An when I get a little one by my side.. Then he says he wants to be just like me.. Daddy how do I? An I'll say.. Well I've done a lot of messin' up not quite enough fessin' up.. But I got a good thing going now no slowing down keep it up when the times get tuff.. Got a family that loves me.. An I got the good Lord above me.. So I can sleep in piece when I lay down at night I've done alot of messin' up gettin' me right..
