

Cocoon

Jack Johnson

Well based on your smile
I'm betting all of this might be over soon
But you're bound to win because if I'm betting against you
I think I'd rather lose But this is all that I have
So please take what's left of this heart and use
Please use only what you really need
You know I only have so little
So please mend your broken heart and leave I know its not your style and I can tell
By the way that you move its real real soon
But I'm on your side and I don't want to be your regret
I'd rather be your cocoon But this is all that you have
So please let me take whats left of your heart
And I will use I swear I'll use only what I need
I know you only have so little
So please let me mend my broken heart And you said, this was all you had, and its all I need"
But blah blah blah because it fell apart
And I guess its all you knew and all I had
But now we have only confused hearts
And I guess all we have is really all we need So please lets take these broken hearts and use
Lets use only what we really need
You know we only have so little
So please take these broken hearts and leave
