

# Glory Girl (Kinky's Trancebalearic Mix)

## Amanda Ghost

I heard a song today reminded me of Spain  
We were the innocent in springtime  
I never liked you much we never keep in touch  
I know your stories from the grapevine And though I found it strange  
To watch the change  
When what you couldn't say was  
Look at me, look at me My glory, glory girl, help me to find a way to know you  
Let's show the world  
My glory girl, hide not behind the words that bind you  
You don't owe the world  
My glory girl, let's show the world I heard you say today, you've thrown your life away  
But dreams of happiness aren't wasted  
You tried to reach the moon, you grew up too soon  
Denied the freedom that you tasted But all the tragedy now helps me discover you My glory, glory girl, help me  
to find a way to know you  
Let's show the world  
My glory girl, hide not behind the words that bind you  
You don't owe the world  
My glory girl, let's show the world  
My glory girl, let's show the world My glory, glory girl, help me to find a way to know you  
Let's show the world  
My glory girl, hide not behind the words that bind you  
You don't owe the world  
My glory girl, let's show the world Let's show the world  
My glory girl, let's show the world
