

# Please Come for Me

## Korn

[Verse 1]

Alone and come undone  
As my tears create a sea  
Haven't been awake so long  
Aa the Devil's waiting for me[Pre-Chorus]  
Right now if you could see  
Right now attacking me  
Hold on, dance with me  
You'll never get to me

[Chorus]

Take a look around  
Help me  
I see this losing little face  
Staring at me[Verse 2]  
In another way disease been torn  
The depression's ecstasy  
Haven't been awake so long  
The devil's coming for me[Pre-Chorus]  
Right now if you could see  
Right now attacking me  
Hold on, dance with me  
You'll never get to me[Chorus]

Take a look around

Help me

I see this losing little face  
Staring at me  
Looking for that special sound  
That's coming for me  
It's never gonna take me down

Please come for me, please come for me[Bridge]

Please come for me, please come for me  
Please come for me, please come for me  
Please come for me, please come for me

Please come for me[Breakdown]

That I can't fake[Chorus]

Take a look around

Help me

I see this losing little face  
Staring at me

Looking for that special sound  
That's coming for me  
It's never gonna take me down  
Please come for me, please come for me[Outro]  
They are coming  
They are coming  
They are coming  
They are coming  
They are coming
