

# Nothing To Say

## Soundgarden

Lyrics by chris cornell

Music by kim thayil

Someone says my words are out of balance

Nothing to say

Dying words I bury everyday

Nothing to say

You've got nothing to say, nothing to say

Bog bad words spell it with four letters

Nothing to say

Oh my god, your words are out of balance

Nothing to say

Nothing but one thing

You've got nothing, nothing to say
