Burial at Sea

Mono

Skull and crossbones - a field of black
Thunder roars - lightning cracks
A phantom ship - she appears
Lost horizons - suddenly nearNeptune please help me
Don't want no burial at seaHear their laughter - bloodless shrieks
Tell yourself - dead men can't scream
One legged spectre - riding high
He's commanding - the rape of the skyNeptune please help me
Don't want no burial at seaTwilight killers, blood stained teeth
Guiding you into the reef
You are smashed to bits, far below
You're one of us now, you've got no soulJoin the dead men - who cannot die
Committed forever - to soar 'cross the sky
Skull and crossbones - a field of black
Laughs insanely - but no one laughs backNeptune please help me
Don't want no burial at sea
Neptune please help me
Don't want no burial at sea
