To Say I Love You

Ralfi Pagan

To say I love you,
its a beautiful sound,
Oh, the heavens must have sent you,
and my love has been found.

When you're near me,
I feel so much joy,
but when you're gone
I'm a sad and lonely boy

I think of you
When we're apart
and there is so much sadness in my heart
To say I love you,
is all that I can do

Please say you love me,
and don't, oh, don't say no.
To say I love you, is all that I can do.

I think of you when we're apart,
and there is so much sadness in my heart,
to say I love you is all, that I can do.
Please say you love me,
and don't, oh, don't say no.
To say I love you is all, that I can do.

[talking]
To say I love you is all that I can say,
but to show you how much I love you
That's something I try to do each and every day.
When you're in my arms, my body comes to life
and when we love, oh when we love
It's so nice.
You know how much I love you
don't you honey.
Without you, life is barely night and day
all work and no play.
But that ain't the way
No it isn't

I said no it isn't, little girl
Oh little girl I love you
I love you 'cause you're far out!
Too much! Ay mami.
