

Calvander

Mount Moriah

Under the calvander sign
Hitched a ride to the carteret county line
Down on my knees by the bogue bank tide
Prayed to something for some kind
Any kind of light
Inner banks all the way east
Followed the tracks out past the fishery
I swear to God tonight
Those Jacksonville boys ain't gonna find
Sweet
Company
Carry on and on and on on
With your cosmic reach
Newport river whispered fate
Spells cast with every crashing wave
Neon lines and a new name
Held up my palm and I offered up my face
Blue heart and a dark mind
Looking for any kind some kind of sign
I swear to God tonight
Those Jacksonville boys ain't gonna find
Sweet
Company

...

Keep me gentle and keep me easy
Four lines of mounted mercury
Keep me gentle and keep me easy
Four lines of mounted mercury
Keep me gentle and keep me easy
Four lines of mounted mercury
Keep me gentle and keep me easy
Four lines of mounted mercury
Under the calvander sign
Hitched a ride to the carteret county line
Down on my knees by the bogue bank tide
Prayed to something for some kind
Any kind of light
Inner banks all the way east
Followed the tracks out past the fishery

I swear to God tonight
Those Jacksonville boys ain't gonna find
Sweet
Company
Carry on and on and on on
With your cosmic reach
