Diamond Ring

Jimmy Sturr

We made love all day
In our little hideaway
But I blew up our love nest
By making one little request
Diamond ring, diamond ring
Don't mean anything
Diamond ring, diamond ring
Should not mean a thing
You could say I do
Hide your negative reviews
You love me you say
But you can't even face the day, oh
Diamond ring, diamond ring
Don't mean anything

Diamond ring, diamond ring
Should not change
Some say love is oh so blind
But I say love is only in the mind
Diamonds may be oh so sweet
But to me they just bring on cold feet
Someday you'll be like me
With someone who just wants to be free
Diamond ring, diamond ring
Fucks up everything
Diamond ring, diamond ring
Should not mean a thing
