

# Love Man

## Whitesnake

I've spent close on sixteen years  
Watching your pretty flower grow  
Little girl, little girl, now tell me  
    Everything you know  
About the oceans and the skies  
    The mountains and the trees  
And then I'm gonna tell you about  
    The birds and the honey bees  
    I'm a love man  
    Yeah, yeah, yeah  
    I'm a love man  
I'm a hootchie cootchie man  
    And I'm doing all I can  
    I just love to tease  
I would do anything to please you baby  
    Yeah, yeah  
Sweet little angel, give me your hand  
    Feel for my heartbeat baby  
    Then you'll understand  
About the bees and the honey  
    The bluebirds in the trees  
And you know just to get close to you  
I would get down on my knees  
    I am a love man  
    Yeah, yeah, yeah  
    I am a love man  
    That's what I am  
I'm a hootchie cootchie man  
    And I'm doing all I can  
    I could love to squeeze

I would do anything to please you baby  
    Baby, I am a love man  
    Yeah, yeah, yeah  
    I am a love man  
    That's what I am  
I'm a hootchie cootchie man  
    Doing all I can  
    I just love to tease

I would get down on my knees  
Oh yeah  
Just for you baby  
Alright now, take it down  
So come a little closer  
Let me whisper in your ear  
How the good Lord in his wisdom  
Made you so and put you here  
He played a little game  
Called the apple and the snake  
When the lady took her first sweet bite  
The snake made no mistake  
He was a love man  
Yeah, yeah, yeah  
And I am a love man  
I'm a hootchie cootchie man  
And I'm doing all I can  
'Cause a love man needs his loving everyday  
Yeah, yeah, yeah  
I am a love man
