Britney Spears

I'm ferocious
When I see you instantly
So precocious
Assuming that your into me So fierce the way
You pierce me with your energy
My heart's on fire
Boy, come on and rescue me When I see you
I need you right away
(Taking me) Can't control the way
That I am behavin'
It's got a hold of me Grabbing me, rapidly
Romantic dancing
Dreams are made of this, yeah Everybody
Come on get to jumpin'
Everybody
Movin' next to somethin' Everybody
Feel the temperature risin'
Everybody
Come on let's keep gridin' It's so real to feel your Samba next to me So intense when
You sense in my vicinity
Body shakin' Achin' I can take
How I want you so bad
Boy, that I can taste it now When I see you
I need you right away
(Taking me) Can't control the way
That I am behavin'
It's got a hold of me Grabbing me, rapidly
Romantic dancing
Dreams are made of this, yeah Everybody
Come on get to jumpin'
Everybody
Movin' next to somethin' Everybody
Feel the temperature risin'
Everybody
Come on let's keep grindin' Lovers, get wild
Start flashing your money
Ladies, go crazy
And act a fool Everybody, get down
And do what you want to

The night is still young
To be seduced Taking in every little thing I see
Triple tie dancing
With the tab complete
Little boys dancing 'Cause they feeling me
Sweating cold, fretting
It's the place to be
Come and sit with me
Come and sit with me Sit back, you'll see it so beautifully
Loving everybody

Let go of the way things used to be Everybody
Come on get to jumpin'
(Let your body move it)

Come on get to jumpin'
Everybody
Movin' next to somethin' Everybody
Feel the temperature risin'
