The Eagle and Me

Jane Monheit

River, it likes to flow
Eagle, it likes to fly
Eagle, it likes to feel
It's wings against the skyPossum, it likes to run
Ivy, it likes to climb
Bird in the tree and bumble bee want
Freedom in the autumn and the summertimeEver since the day
When the world was an onion
Ooh, it's natural
For the spirit to soar and playWay the Lord wanted it
Free as the sun is free
That's how it's gotta be
Whatever is right for the bumble bee
And river and the eagle is right for meEver since the day
When the world was an onion
Ooh, it was natural
For the spirit to soar and playWay the Lord wanted it free
That's how it's gotta be
Whatever is right for the bumble bee
And river and the eagle is right for me
YeahYeah
Gotta be free
