

# Lion And The Lamb

## The Get Up Kids

I've never been one for war  
Sand were sinkin' in as thick as oil  
Lion and the lamb  
They're all gone, they're all gone  
Slaughter the lion and the lamb  
For our home, for our home  
I've never been one for war  
Sand were sinkin' in as thick as oil  
Lion and the lamb  
They're all gone, they're all gone  
Slaughter the lion and the lamb  
For our home, for our home

What have, what have  
What have become  
What have, what have  
What have become of  
Lion and the lamb  
They're all gone, they're all gone  
Slaughter the lion and the lamb  
For our home, for our home  
The lion and the lamb  
They're all gone, they're all gone  
Slaughter the lion and the lamb  
For our home, for our home
