

# Gone

## Mindless Behavior

Gone, gone, gone, I'm never coming back  
You got everything you want, you happy now  
Saying everything is good but you never smile  
When your alone i know what you thinkin bout  
Where he at, where he at, where he at now  
Thought we were cool, thought we were friends  
Tired of them phone, good nights and weekends  
But chose him and all this time you couldnt see me  
But dont look now(Chorus)  
Girl im gone, gone  
You didnt want me when you had me  
Girl im gone, gone  
I'm sorry he didnt make you happy  
But baby im gone (out here flowin on a breeze) YUP  
I know you wanna get at me  
But baby im gone (I'm everywhere you wanna be) YUP  
You didnt want me when you had me  
So baby im gone  
Like i got rockets on my shoes  
Kinda like im allergic to your perfume  
You wont get chop, play tag with the other dude  
So where he at, where he at, where he at now  
Thought we were cool, thought we were friends  
Tired of them phone,good nights and weekends  
But chose him and all this time you couldnt see me, see me  
But dont look now  
(Chorus)  
Girl im gone, gone  
You didnt want me when you had me  
Girl im gone, gone  
I'm sorry he didnt make you happy  
But baby im gone (out here flowin on a breeze) YUP  
I know you wanna get at me  
But baby im gone (I'm everywhere you wanna be) YUP  
You didnt want me when you had me  
So baby im gone  
I'm gone like a G5 YUP  
I'm gone like bell bottoms and high fives YUP  
I'm out like a usain bolt, faster than a train go

You were slicker than a rain coat  
Baby im gone  
So baby im gone  
(Chorus)  
Girl im gone, gone  
You didnt want me when you had me  
Girl im gone, gone  
I'm sorry he didnt make you happy  
But baby im gone (out here flowin on a breeze) YUP  
I know you wanna get at me  
But baby im gone (I'm everywhere you wanna be) YUP  
You didnt want me when you had me  
So baby im gone  
(Chorus)  
Girl im gone, gone  
You didnt want me when you had me  
Girl im gone, gone  
I'm sorry he didnt make you happy  
But baby im gone (out here flowin on a breeze) YUP  
I know you wanna get at me  
But baby im gone (I'm everywhere you wanna be) YUP  
You didnt want me when you had me  
So baby im gone
