

# Time With You

## Iconic Tonic

Daily grind is stealin' me away again  
When I just wanna lay back down  
Another night gone and don't know where it went  
What I need more than anything right now is  
Time with you, more time with you  
To laugh and talk and play and make more love to you  
Oh, there's nothing in this world I'd rather do  
Than spend time with you  
Seven days, you and me in paradise  
The world revolving around us  
We'd still be there and forever if the choice was mine  
'Cause seven days, that's not enough  
Time with you, more time with you  
To laugh and talk and play and make more love to you  
Oh, there's nothing in this world I'd rather do  
Than spend time with you, time with you  
I'm gone for now to do the things I have to do  
But baby, you know I live for  
Time with you, more time with you  
To laugh and talk and play and make more love to you  
Oh, there's nothing in this world I'd rather do  
Than spend time with you, more time with you
