Burden

Epsilon Minus

I once upon a time
Carried a burden inside
I sung a last goodbye
A broken rhyme I had underlined
There's an ocean of sorrow in youSorrow in meSaw a movement in their eyes
Said, I no longer knew the way
Given up the ghost
A passive mind submit to fear
And the wait for redemption at handWaiting to fail
Failing againIf death should take me now
Count my mistakes and let me through
Whisper in my ear
You've taken more than we've received
And the ocean of sorrow is you
