

Magic Potion

Open Mind

Take a drink from a magic potion
Tell me do you still feel fine?
Once sip and you will see
Things you never saw before

How do you feel?
I feel fine!
How do you feel?
I feel fine!
Help prop my soul I feel fine!

All of a sudden there's a different world
Appearing in front of my eyes
And you don't wanna try this potion
Leave it all for me!

How do you feel?
I feel fine!
How do you feel?
I feel fine!
Help prop my soul I feel fine!

Take a drink from a magic potion
Tell me do you still feel fine?
Once sip and you will see
Things you never saw before

How do you feel?
I feel fine!
How do you feel?
I feel fine!
Help prop my soul I feel fine!
