Rest Of Our Lives

IM5

In the good times and the bad times, we've all been there
Through the ups and the down times when no one cares
When time keeps on passing and you're missing out (missing out)
Just remember forever, we have the rest of our lives
(The rest of our lives, the rest of our lives)Turn it up ay, tu-turn it up
Tu-turn it upIt's our time don't waste it
It's our time don't waste itWe're coming up, the future's mine
Hate to say it, but it's our time
We're in the spotlight, it's a show
Might bust a bust, just let it flow
Can't hold us down, we're on the rise
Just got a little high desires
My oh my, it really is the sky
If you don't like it, put it on standbyIn the good times and the bad times, we've all been there
Through the ups and the down times when no one cares
When time keeps on passing and you're missing out (missing out)
Just remember forever we have the rest of our lives
(The rest of our lives, the rest of our lives)Turn it up ay, tu-turn it up
Tu-turn it upIt's our time don't waste it
It's our time don't waste itTurn it up, you know what we do
If it ain't a good time then what's the use (blah blah blah)
At the age of 2, (?) to watch me (?)Throw your hands up
Get 'em high, that's what up
We all want the good life
Do what you feel like
Throw your hands up
Get 'em high, that's what up
We all want the good life
Do what you feel likeIt's our time don't waste it
It's our time don't waste itThrow your hands up
Get 'em high, that's what up
We all want the good life
Do what you feel like
Throw your hands up
Get 'em high, that's what up
We all want the good life
Do what you feel like, feel like, feel like
Do what you feel likeIt's our time don't waste it
(That's what up)

It's our time don't waste it
