

Pure Love

Peter Lloyd

Hey ahh, and I feel good, good, good, good, good, good, yeahMy love is pure

My love is sure

This love is the cure

Woman with me you'll always soar

This love is divine

Truly, one of a kind

So our seeds will shine

I have your heart girl and you have mineIt is a blessing

When I rise up in the morning, knowing woman you are by my side

It is a blessing

Through the pain and struggles knowing Jah has been our guide

It is a blessing

That this union is perfection

Thank you Jah Jah for this blessed designand I feel good, good, good, good, good, good, yeahMy love is pure

My love is sure

This love is a cure

Woman with me you'll always soar

This love is divine

Truly, one of a kind

So our seeds will shine

I have your heart girl and you have mineIt is Jah blessings

That nine months in your beauty, you let our love grow
