Not Gonna Cry

[Tracie Spencer](#)

Yesterday you told me that I was crazy
While all this time you said that I was your baby
I tried to look beyond your lies
But I refuse to waste another tear and cry over youI really should see it comin' when I wanted some
You would give me nothing
Like a little girl with dreams you sold, baby, I got to let it go
You need to know I'm in control and got no hopeI'm not gonna cry another tear for you
You had me going crazy for a week or two
I can't believe you lied to me, now
I'm not gonna cry another tear for you
'Cause now I know we're through, I'm not gonna cry over youFell in love then you misled me
Setting time that you'll be ready
I contemplated lovin' you and did the things that you asked me to
And why my life, my life, my life?Happiness is what I am seekin'
A stronger love is what I'm needin'
Lookin' for some company
Tryin' to find reality in love, good love, my babyI'm not gonna cry another tear for you
You had me going crazy for a week or two
I can't believe you lied to me, now
I'm not gonna cry another tear for you
'Cause now I know we're through, I'm not gonna cry over youNever needed anyone to justify my love
You should be ashamed 'cause you're to blame
Only time will show what goes around comes around
Oh baby, you're gonna end up lonely, gonna cryI'm not gonna cry another tear for you
You had me going crazy for a week or two
I can't believe you lied to me, now
I'm not gonna cry another tear for you
'Cause now I know we're through, I'm not gonna cry over youI'm not gonna cry another tear for you
You had me going crazy for a week or two
I can't believe you lied to me, now
I'm not gonna cry another tear for you
'Cause now I know we're through, I'm not gonna cry over youI'm not gonna cry another tear for you
You had me going crazy for a week or two
I can't believe you lied to me, now
I'm not gonna cry another tear for you
'Cause now I know we're through, I'm not gonna cry over youI'm not gonna cry for you, my baby, baby
