

Cosmic Friend

The Black Crowes

When the wind whispers to me
From somewhere behind the trees
And it tells me crazy things
Like my head is full of bees
And at night they hum for me.

Down and dirty nappy
Tired sad nasty
Its not everlasting
Its bound to turn around
Need a little sweetness
A little reason for your rhyme
I got something for you
A little sugar for your mind
Hear the bells ringing
Send it down the line
Thank you for the sharing (hey no problem, man)
I'll get you back next time (cool)

[Chorus:]
My friend, the cosmos is calling
Sayin' we all should be shining

Don't you be a stranger
We like you hanging around
Be thankful of the laughter
Praise for the sound
When you're feeling lonely
You know just what to do
Put on track eleven
Get on with the groove

[Chorus]
Now we've reached the ending
I'm sad this song is gone
We can start at the beginning
And we can all sing along

Down and dirty nappy

Tired sad nasty
Its not everlasting
Its bound to turn around

[Chorus]
