

# Come With Me

Shai

I got a call, a telephone call today  
Somebody's offerin', a job a thousand miles away  
And I want to take it, it's the opportunity of a life time  
But I need a second opinion, an opinion other than mine So I, I'm turnin' to you  
Because you always seem to know what to do  
When times like these arrive  
I call on my only true friend in the world, my girl (So I)  
I want to know, should I really really go  
(Really go)  
And if so, are you coming with me?  
(I)  
I've got to know, if you really want me to go  
And if so, come with me I never wanted anything as much as, I want you with me  
You were the one who said to follow my dreams  
(Of having a house, a car, a view of the stars)  
And a beautiful wife  
So I need someone, I can grow with, I need some love in my life So I, I'm turning to you  
Because you always seem to know what to do  
When times like these arrive  
I call on the only real love of my life, you are my life, my life, my life, baby  
(You are my life) I want to know, should I really, really go  
(To know, really go)  
And if so, are you coming with me?  
(So I)  
I've got to know, you really want me to go  
(If you, will you come with me?)  
And if so, come with me I need you to, oh, come with me, baby  
(Come with me, come with me, come with me)  
(Come with me, come with me, come with me)  
Come with me, precious, yeah  
(Come with me, come with me, come with me)  
Come with me, baby  
(Come with me, come with me, come with me)
