

# Truth

## Alexander

Truth

Truth is that I haven't shook my shaddow  
Everyday it's trying to trick me into doing battle  
Calling out "faker" only get me rattled  
Want to pull me back behind the fence with the [cattle]  
Building your [lenses]  
Digging your trenches  
Put me on the front line  
Leave me with a dumb mind  
With no defenses  
But your defenses  
If you can't stand to feel the pain then you are senseless  
[Since] this  
I've grown up some  
Different kind of fighter  
And when the darkness come let it inside you  
Your darkness is shining  
My darkness is shining  
Have faith in myself

Truth

I've seen a million numbered doors on the horizon  
Now which is the future you choosen before you gone dying.  
I'll tell you 'bout a secret I've been undermining  
Every little lie in this world come from dividing  
Say you're my lover, say you're my homie,  
Tilt my chin back slit my throat take a bath in my blood get to know me  
All out of my secrets  
All my enemies are turning into my teachers.  
Because, lights blinding, no way dividing what's yours or mine when everything's shining  
You darkness is shining my darkness is shining  
Have faith in ourselves

Truth

Yes I'm only loving, only trying to only love  
That's what I'm trying to do is only loving  
Yes I'm only lonely loving feeling only loving  
Till I'm feeling only loving  
Ya say it ain't loving ain't loving my loving  
But I'm only loving only loving only loving  
Only loving the truth.
