

# Battles (Lambert Rework)

[DNKL](#)

through this night  
you're warmer than fire  
in every streetlight reminder  
in every tunnel we pass  
a flash and  
we start to remember  
who we were when we were young  
who we turned out to be through the theft of our heartbeats  
through the promises we break  
through the stars that we aimed for  
through our years of endeavor  
you're warm like fire  
a last reminder  
in every border we cross  
a flash and  
we start to remember  
all the dreams we deserted  
all the battles we fight  
will you carry me high
