

# When There's Nothing Left

**Katy Perry**

When there's nothing left to give  
I will give you more than I ever gave before  
When there's nothing left left to say  
I'll say it all again, but until then...  
And I'll give you my heart, say I love you  
Say I love you  
And I'll give you my heart, say I love you  
Oh, cause I do, Jesus

No music to play so I sing you my own song  
Come on and sing along  
When there's nothing that remains  
You still stay the same  
You're looking so strong

CHORUS

When there's nothing left to give  
I will give you more than I ever gave before
