

# Mountain Time

## Gentle Giant

Mountain time, mountain date. Hope to be there, before it's late  
I need to see you, looking fine. Gotta be there, mountain time  
Mountain time, mountain date. Hope to be there, before it's late  
Last night I had to tell you, made up my mind I  
need to see you  
Got on the road to ride  
I thought all of it over, now I have to be at your side  
Somewhere, be there  
So hard seeing it your way. I'm glad,  
what more can I say  
This lane taking me back today
