

Pardon

Dean Martin

Pardon

I beg your pardon, my dear
Say you forgive me and please
Take me back in your heart Pardon
Forgive my foolishness dear
Here in my arms you belong
For I was wrong right from the start My own
You are the love of my life
What can I say, dear to prove
How much you mean to me Amore
My love as long as I live
My heart is yours to behold
If you'll only forgive My own
You are the love of my life
What can I say dear to prove
How much you mean to me Amore
My love as long as I live
My heart is yours to behold
If you'll only forgive
