

# Hey Baby

## The Barnshakers

Your daddy thinks I'm up to no good  
I'm only doin' what a young man should  
It's been thirteen days since I've seen your face  
I can tell, pretty babe, you wanna get away  
So I'm firin' up the Chevy, you better get ready  
Hit downtown with the tailgate down  
Blast 'Song of the south' till the cops come out  
Watch the full moon glide on the riverside  
Hey baby, hey baby  
Let's take a ride this Saturday night  
Get lost under the full moonlight, hey baby  
I got a cooler and a fifth of rum  
Ride by our old high school on highway one  
Raise these solo cups to the hands of fate  
Can you believe they ever let us graduate?  
Now the strips fillin' up, ain't no place to hide  
It's gettin' so hot with you by my side

Tell me what you want, tell me what you need  
Tonight I swear I'm gonna give you everything  
Hey baby, hey baby  
Let's take a ride this Saturday night  
Get lost under the full moonlight, hey baby  
Hey babe, it's been a long, long time  
But it feels so right when you hold me tight  
You know I wanna make it last all night  
Hey baby, hey baby  
Let's take a ride this Saturday night  
Get lost under the full moonlight  
Hey baby, hey baby  
Let's take a ride this Saturday night  
Get lost under the full moonlight  
Get lost under the full moonlight, hey baby
