

What About April

Saltman Knowles Quintet

January, Iâ€™ll be recovering
From last yearâ€™s resolution
Iâ€™ll spend February making valentines
For the lover of my choosing In march
Iâ€™ll ride a tailwinds
On the sail of my favorite kind.

What about April?
How about in Aprilâ€™s night
We could watch the Aprils lovers
Go slipping out of sight
Weâ€™d stroll till Aprilâ€™s springtime
Goes softly drifting by.
January Iâ€™ll be recovering
From last yearâ€™s resolution
Iâ€™ll spend February making valentines
For the lover of my choosing
In March Iâ€™ll ride a tailwinds
On the sail of my favorite kind.

What about April?
How about in Aprilâ€™s night
We could make our Aprils last
Until eternity
Each day would be April
If you were here with me
May Iâ€™m finally searching
For the taste of summer start
June could be the time
Of my heart July may see me shining like a
A violence from a spark But April is the time
What about April?
How about in Aprilâ€™s night
We could make our Aprils last
Until eternity

Each day would be April
If you were here with me
May Iâ€™m finally searching

For the taste of summer start
June could be the time
Of my heart July may see me shining like
A violence from a spark But April is the time
What about April?
How about in April's night
We could make our Aprils last Until eternity
Each day would be April

If you were here with me
