Interlude (feat. Calliope Doefus)

C-Murder

Please baby look in my eye
(Look in my eye)
And let me put my dick in your mouth
(My dick in your mouth)
Girl, please don't you act like you're shy
(Act like you're shy)
And let me bust a nut in your eyePlease baby look in my eye
(Look in my eye)
And let me put my dick in your mouth
(My dick in your mouth)
Girl, please don't you act like you're shy
(Act like you're shy)
And let me bust a nut in your eye
