

# Butterfly Baby

**Bobby Rydell**

Butterfly baby, lookin' around  
Flyin' like crazy all over town  
Oh, you little butterfly baby, I'll hang around  
Hopin' that maybe someday you'll settle down When you're done and there's only one  
Who will your honey be?  
Hear my plea, won't you let it be me?  
It better be me Butterfly baby, 'bout time you knew  
I love you like crazy, I love only you  
Oh, you little butterfly baby, when will you see?  
Butterfly baby, you've gotta fly with me When you're done and there's only one  
Who will your honey be?  
Hear my plea won't you let it be me?  
It better be me
