

I Do Believe in Love

[Katie Melua](#)

They say we never landed on the moon
There's no wind there, they assume
I guess conspiracies are nothing new
But I'm sure I've been there with you
And I don't believe that in space
The only life is here on earth
How could we be the only race
That loves and hates 'til death from birth?
But I do believe in love
Though I should never rely on love
Nothing else excites me
But loving you
Is it true a politician's heart
Can rust away and fall apart?
I guess it must be hard
It must be hard to know what's good
And to know what's easy
You might think it's strange
For all my wild ideas
But I do not believe that change
Can ever happen without tears
But I do believe in love
Though I should never rely on love
Nothing else excites me
But loving you
