Stop the Clocks

Leona Lewis

Sitting on the curb
Starring at the stars
Leaning on your shoulderI wanna cry until I laugh and laugh untill I cry
Dont wanna let a single moment of you pass me by
If only I could freeze the frame you know that I wouldStay right here for good
I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good
I I hope the sun forgets to rise
I I I will never leave your side
I I wanna stop the clocks tonight
And stay right here for goodId rather spend my life motionless with you
Than dancing with another
oh oh
I wanna cry until I laugh and laugh untill I cry
Dont wanna let a single moment of you pass me by
If only I could freeze the frame you know that I wouldStay right here for good
I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good
I I hope the sun forgets the rise
I I I will never leave your side
I I wanna stop the clocks tonight
And stay right here for goodFor good...
Stay...
I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good
I I hope the sun forgets to rise
I I I will never leave your side
I I wanna stop the clocks tonight
And stay right here for good
I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
