

Don't Fake This

Chevelle

Ignoring a loss of sight
Afraid to blink
I might lose the sun But don't make this out to be more
Than it isn't behind every lie
An' there's a burden within Yes, you're my son This suffering
That's kept within
Disposable men
Lost Inside he was negative
This place once more
Was underground So look and connect
We're refusing to rust
Healing has to begin in the past So don't fake this
Don't fake this
Don't fake this
Don't This suffering
That's kept within
Disposable men
Lost Don't fake this
Don't fake this
Don't fake this
Don't Fake
Fake
Fake This suffering
That's kept within
Disposable men
Lost So don't fake this
Don't fake this
Don't fake this
Don't Fake
Fake
Fake
