Nothing Like You've Ever Known

Marti Webb, Harry Rabinowitz

Nothing like you've ever known
That's the life I thought that I was gonna show you
Lonely girls believe such things
That's one happy ever after that I owe you
Married man always looking at, you watchI wanted to spend more time than twelve till two
Loving you and nothing like it should have been
Every time, I think it's gonna be the last time
Each time, I expect too much
Being wrong can get to be a painful pastimeSomething new that is all it was, you know
But when you need someone any love will do
Sad but true and nothing like we've ever known
That is how I thought, all our tomorrows would be
I thought we were all we'd needGoes to show you just how wrong two people could be
