

# Just a Little Closer

Robbie Nevil

(Oh, oh, oh, oh, yeah, yeah)  
Theres a little distance, a shadow of resistance  
When I begin to dim the lights Why the hesitation?  
Any reservations?  
You have, well me, erased tonight Just let it take you where it wants to  
Only a fool puts limitations on love You can be evasive but I can be persuasive  
And I wont stop until I feel you move, yeah (Just a little closer)  
Just a little closer  
(Just a little bit)  
Ooh, dont be scared, dont be afraid to get, no, no (Just a little closer)  
Just a little, little bit  
(And youll see love is gonna be)  
Just a little closer Now thats a little better  
A little more together  
I feel you're startin to relax Were gonna have a fine time  
Oh, girl, if youre the shy kind  
Ill ask the stars to turn their backs Just let it take us where it wants to  
Only a fool puts limitations on love Tell me that youre stayin and care about to sayin  
That you think, its time for me to move, oww (Just a little closer)  
Just a little closer  
(Just a little bit)  
Mmm, dont be scared, dont be afraid to get, oh, yeah (Just a little closer)  
Just a little bit  
(And youll see, love is gonna be)  
Just a little closer Oww, oh, oh, oh  
Just a little bit, you bring me, ow (Just a little closer)  
Just a little closer  
(Just a little bit)  
Ooh, dont be scared, dont be afraid, to get (Just a little closer)  
Just a little, bit now  
(And youll see, love is gonna be) (Just a little closer)  
Just a little closer  
(Just a little bit)  
Oww, oww (Just a little closer)  
Just a little bit of love  
(And youll see, love is gonna be) (Just a little closer)  
Just a little nicer  
(Just a little bit)  
Ah (Just a little closer)

Just a little bit  
(And you'll see, love is gonna be)(Just a little closer)  
Just a little closer  
(Just a little bit)  
Just don't be scared, don't be afraid to get
