

Out of Time

Cazadores

Out Of Time

They said you for so long were lingering
I'll leave a light on
Stretching out the night and day
So where did we go
You got to do, do, do it now
I say, if you're ready or not
Where did we go
Need the strength to carry on
The strength to carry me home
As the night goes on

Weâ€™re running out of time
I can see it in your eyes
Burning all your bridges and emotional ties
Oh lord
Youâ€™re my devil in disguise
The best I ever had
Weâ€™ll be staying up all night
And we'll laugh until we cry
Oh lord
Running out of time

I never expect anything from anyone
I hold my own
But I canâ€™t, canâ€™t carry on
Now you're so suddenly gone
What do we know?
I gotta shake, shake, shake it off
Give me a moment to turn this back around

Weâ€™re running out of time
I can see it in your eyes
Burning all your bridges and emotional ties
Oh lord
So good to see you now
Will we ever meet again
If I have to go away
Will you always be my friend

Oh lord
