Modern Crusaders

Enigma

Don't look back, the time has come
All the pain turns into love
We're not submissive, we're not aggressive
But they think we can't defend
Stand up, join us, modern crusaders alive
We have the power to face the future
'Cause we are the fighters
Just fighting for our rights
They're accusing like always without knowing
What is just fiction or what is the truth
They have no mission, they have no passion
But they dare to tell us what's bad and what's good
Stand up, join us, modern crusaders alive
We have the power who'll face the future
'Cause we are the fighters
Just fighting for our rights
Est affectus
Et defectus
Semper in angaria
Quod per sortem
Sternit fortem
Mecum omnes plangite!
Nunc obdurat
Et tunc curat
Ludo mentis aciem
Egestatem
Potestatem
Stand up, join us, modern crusaders alive
We have the power who'll face the future
'Cause we are the fighters
Just fighting for our rights
Stand up, join us, modern crusaders alive
