Just Say The Word

Josh Kelley

I'm holdin' on
To your pictures on my telephone
And I know that I should let you go
But it's hard to break away
I ask around and I wonder what you're doing now
But I hear that you've been going out
A little more these days
Well, I can't lie that I think from time to time how you're doing
Well, don't hang up 'cause what I really meant to say is
When everything is wrong
Nothing's going right
Just know that I'm not hard to find
So just say the word
And I'll race to you tonight
And I'll be right there by your side, holdin' on
Remember when we were further than you've ever been
And I think about it now and then
And it takes me to that place
Oh and I pretend that I'm better than I've ever been
Well, at least that's what I tell my friends
'Cause I can't show my face
Well I can't lie that I think from time to time how you're doing
Well, don't hang up 'cause what I really meant to say
When everything is wrong
Nothing's going right
Just know that I'm not hard to find
So just say the word
And I'll race to you tonight
And I'll be right there by your side
It's hard enough to believe
In something more than just pretend
Just because we both know it's over
We can still be friends
When everything is wrong
Nothing's going right
Just know that I'm not hard to find
So just say the word
And I'll race to you tonight
And I'll be right there by your side

I can be right there by your side
Oh, I can be right there by your side
