

# I Killed The Zeitgeist

## Wire, Nicky

I killed the zeitgeist  
Ground it all to dust  
Left myself alone  
Digging deeper holes

I killed the zeitgeist  
Switched off all the lights  
Glazed like aching snow  
All metaphors for love

When I look at the sea  
No reflections will appear  
Pain like the shattering of glass  
Tearing us all apart

I killed the zeitgeist  
Anschluss within your heart  
Ich bin ein Newporter  
Das zeitgeist über alles

I killed the zeitgeist  
Ground it all to dust  
Left myself alone  
Digging deeper holes

When I look at the sea  
No reflections will appear  
Pain like the shattering of glass  
Tearing us all apart

I killed the zeitgeist

I killed the zeitgeist

Do do do
