

Leave Me Alone

Yg

Girl : hello

YG : aye , what's the deal ?

Girl : who's this ?

YG : this YG

Girl : what the fuck , bye !

YG : uh , hu , hello ? helloo ? what the fuck

Baby why you leave me alone ?

I thought we was in love , until you lett me go .

Put me on a boat & send me to the coast ,

I miss them nights when I used to pipe & deep stroke

& I even used to fucking ball like a free throw ; every Friday our bedroom was like a freakshow .

thought I was yo nigga for life ; yo hero ? that's the words that she spoke , but that's fucked up the homies told
me don't trip , but how im not gon trip when I lost my bitch ?

feeling like r Kelly I wish I wish .

& naw I ain't gon cry but I miss my bitch .

I miss my bbygirl but I don't know her anymore .

you gon do me like this ? I guess this a cold world , it's a dog eat dog world & the dogs chase the cats .
fucked up that she ain't coming back (naw)

baby why you leave me ? (leave me alone)

baby why we don't talk no mo ?

i used to be on easy !

be yo nigga fo'sho (I used to be , but im not no mo)

baby why you do me wrong ?

(baby why you leave me x3)

baby why you do me wrong ?

baby why you leave me ? (why)

you did it so easy (fucked up)

i tried to tell my momma (hahaha)

but my momma didn't believe me (damn)

this shit is off the hezzy , a nigga miss his brezzy

i miss the freaky things she used to do just to please me

petty Pablo I had a freak a lic

she up & left the young faster than the GT

just wish I could make things rewind , cause I'll rewind when she left me like the springtime .

i'll be fine ? everybody know that that's a lie

rockabye baby , rockabye baby

i think I need to go to rehab , I'm going crazy

i did everything you wanted me to & you played me !

& you know whats some fucked up shit ?
I ain't even with another chick (damn)
baby why you leave me ? (leave me alone)
baby why we don't talk no mo ?
i used to be on easy !
be yo nigga fo'sho (I used to be , but im not no mo)
baby why you do me wrong ?
(baby why you leave me x3)
baby why you do me wrong ?
since the day you left , I can't rest
i been out the house by myself , depressed
riding round the streets by myself , tryna find somebody cause I really need help
so baby come back , baby comeeee back
baby come back , baby comeeee back
tell me what's the issue , girl I really miss you
i just wanna , I just wanna , I just wanna kiss you
baby why you leave me ? (leave me alone)
baby why we don't talk no mo ?
i used to be on easy !
be yo nigga fo'sho (I used to be , but im not no mo)
baby why you do me wrong ?
(baby why you leave me x3)
baby why you do me wrong ?
Girl : hello ?
YG : aye man , whats the deal ?
Girl : what are you asking me ?
YG : whatt ?
Girl : what chu asking me ?
YG : like , like , like why you leave a nigga an shit ?
Girl : you ain't never gon change , it's always gon be the same shit wit you , like shit got old my nigga
YG : damn , so like , like you ain't fucking with me no mo ?
Girl : naw I'm good
