

# Submarine

## Still Corners

Put me in the submarine  
And push it into the sea  
Let it sink down  
Down, down  
I remember everything  
Racing you across the bridge  
I was running, I was sweating, I was falling  
And then you kissed me, it was crazy  
But that was yesterday  
That was not today  
But that was yesterday  
That was not today I did not want to let you go  
But I knew I had to  
I did not want to let you go  
But I knew I had to And I remember everything  
I even loved your family  
All I've ever given you was love  
And your heart has two sides  
And I can't stick around to lie anymore  
I'm laughing and I'm crying  
I'm laughing and I'm crying and I sink down  
Down, Down I did not want to let you go  
But I knew I had to  
I did not want to let you go  
But I knew I had to And I'll always miss you And I'll always miss you, oh I did not want to let you go  
But I knew I had to  
I did not want to let you go  
But I knew I had to  
I did not want to let you go  
But I knew I had to And I'll always miss you, oh
