

Before Me And You

SHeDAISY

Every kiss before this
Was nothing by a waste of breath
And every I love you was just a whoop-de-doo
Never knew what I missed before thisDa, doo, doo, doo
Ooo, ooo[Chorus]
And the way things go, you never know
Where love will lead you to
And everything we've ever dreamed
Lies before me and youPeople say it's not everyday
That you find the perfect fit
But when I feel for you, I found the other shoe
Cupid was a myth, before this[Chorus]Yeah
Da, doo, doo, doo, doo, doo
Da, doo, doo, doo, doo, doo
Da, doo, doo, doo, doo
Yeah[Chorus:Repeat x2]Yeah, before me
Me and you
