

The Come Thru

Jin

Get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' wherever you see us, we gon' kick it, it's all love
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' wherever you see us, we gon' kick it, it's all love
Now ma, whole set, get love
I'm in the Chi, two steppin' wit them thugs
An' big man, you can search all you want
But you ain't gon' find no drugs or no guns
Yea, y'all can get weeded up, beated up, but don't eat it up
This ain't a slow jam, so I can speed it up
I ain't sparkin' a meadow, I just want to talk to the ghetto
Bag the baddest chick with the sharpest stilettos
I'm so influential, you so impotential
Man, you gon' know what I'm workin' wit when I hold it against you
Destination VIP, you can follow us
But if it was the last sip, would you swallow us
Shorty feelin' my style because I'm humorous
Put me on cloud nine an' it's accumulous
Assume it's us, Jin, mista 'quick to diss ya'
An' Twista spit so fast ya lips'll blista
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
When I come in the party, betta get high
'Cuz I pulled up in the platinum 765
Who say lyrical niggaz don't know how to party?
See me jackin' up shawtys wit a grippin' on her thick thighs
I like the way she workin' that badunkadunk
Bouncin' the fatty when the base go boom
She witness how Twista spit it, so now she want me to hit it

'Cuz I'm blazin' up the booth an' raisin' up the roof
I'm in the VIP, sippin' on Cris' an' Henn'
All the ladies is trippin' 'cuz they can't get in
They see me ballin' wit the Ruff Ryder homie
Ya say they only drink dark liquor but now they want some Jin
Everywhere we kick it, we got the club sold
International hustlas that travel the globe
Rockin' the thugs, makin' hoes keep it live
It's the Double R connect an' that nigga Twista from Chi, I'm fly
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
We can definitely kick it, I don't want to just stick it
If bein' fine was a crime, well I'd havta write you up a ticket
If you dance for me, it's sign, just like a picket
An' I got two middle fingaz for all you critics
Never you in this, someone so clever who spit this
I'm only here for one night, so I mix some pleasure with business
Every few minutes, I drink a couple of shots
Take a dutch, break it in half an' fill it up with some pot
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
Now mama, shake some, if they don't like it, fuck it
They some haters, c'mon an' shake it, girl
Yo, mama, work some, if they don't like it, fuck it
They some haters, just work it, girl
Now mama, shake some, if they don't like it, fuck it
They some haters
Yo, mama, work some, if they don't like it, fuck it
They some haters
Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love

Now I get high, get low
Thick girls go an' shake ya big butt
You in the club wit some worldwide thugs
An' whereva you see us, we gon' kick it, it's all love
C'mon an' shake it, girl, okay
Just work it girl, okay
C'mon an' shake it, girl, okay
Just work it girl, okay
