

Biffy Clyro

I stroke your silken skin, kiss you goodbye
Your eyes just pierce me through
I am bleeding with blood, I'd give to you
To be the way we were I still feel the pain in my heart
Thoughts once pure are now diluted We sat and watched the sun go down
We wrapped together in each other's arms
I never felt so clean as when we're alone
On descend that night I still feel the pain in my heart
Thoughts once pure are now diluted I love the way your hair hangs over your eyes
Trust me with your stare
If I could fly to you, I would
To be the way we were I still feel the pain in my heart
Thoughts once pure are now diluted It's alright now
It's alright now
It's alright now
It's alright now
