

# City Of Dope

## Yukmouth

Gather round, gather round, hurry  
Uh, welcome! uh, little boys and girls  
Listen, Im 'bout to lace, yall motherfuckers  
About Oakland, the city of dopeThe first place in the world to ever sell base rock  
Nigga, crack rock, they put it there to get rid  
Of the panthers, but they really created this ballin'  
What, what, niggaMe and my niggas trying to ride drop  
Buy rocks then we buy blocks  
From the same dope fiends on my block  
Who buy rocks, want supply hotWeight servin' cakes like IHOP  
Ever since them last motherfuckers got shot  
Police been hot on my spot  
Spot cops FBI watchGot fiber-optic shit up in the pole  
Showing my whole clique on crime watch  
We let non-stop and show our faces  
So what the case isWe wide on TV but still the grind dont stop  
Nigga this Oakland, the city of dope  
You know where that crack shit was invented  
And smoked by these ghetto chemists years agoOn Plymouth street we call the block  
Plymouth rock  
The first place like the world to ever sell base rocks  
Now check itThe legendary Phoenix Mitchell put it down  
So tough they had to make a movie about the town  
But called it Nino Brown  
That bullshit New Jack CityIs really based upon this place we call crack city  
Oakland, Cali we act shitty  
Think cracks the answer  
To get rid of these revolutionary Black PanthersSmokin blow and takin' [unverified] like jo-jo dancer  
Or sniff it up your nose and ball out of control  
Like Tony Montana  
House in Atlanta, 3-car garageOur ghetto superstars was hard  
Young niggas touch a mil-ticket  
Before they life behind bars  
Niggas get caught with like eighty kilosHidden in the wall  
But shit ain't hidden at all  
From these cocaine sniffin' dogs  
Same with the lawShit in your draws when they get your ass  
And let the ballers ball, get the cash  
Till they get to your ass

I've never seen a baller fall on his knees  
And snitch so fast  
Plea bargain run after them niggas  
That hang out with your ass  
No wonder why that bitch-ass nigga got out  
So quick, so fast  
Came on the block my niggas saw you  
Choppin it up with task  
Now thats a violation  
Nigga cant chop it up with task  
So while the trial awaits  
Some nigga walks up and pumped his ass  
Because the niggas in the O are hard as fuck  
We sell Peruvian flake  
Get it powdered, or rocked up  
Dont want nothin' from life but to retire from the game  
Motherfuckin' city of cocaine  
City of dope  
East Oakland, yeah, thats right  
The city of dope  
East Oakland, yeah, thats right  
Them task folks cant stop us  
High school niggas get caught with a hundred Gs  
Stashed in his locker along with a chopper  
Niggas be ballin' like a doctor, or a surgeon  
M.C. Hammer splurgin  
He bought up countless brand new helicopters  
And suburbans, now he hurtin'  
The feds spilled they base downtown  
So now its curtains  
Niggas be perpin off  
Certain its gon be a sweep  
Dope fiend came through last week  
Told me its gonna be a sweep  
1991s the number nigga  
End of the summer  
Niggas aint ridin' no fuckin' Hummers  
We ride under buckets and try to stay on the slunder  
I wonder, wonder what they would do  
To a nigga who get caught with 2 pounds of thunder  
Straight from Humboldt County, fuck that brown  
Weed all should be green like the jungle  
Dope fiends tryin' to warn us  
Settin up scene still in a bundle  
We beat they ass and drag them from they hair  
Just like Repunzel  
Dont fuck up our hustle  
But anyway the day came just as predicted  
Im up at 6 in the mornin takin' early morning pissin  
Pulled down my britches, and a nigga almost shitted  
I heard somebody walkin' on the roof  
I cocked the fo-fitness  
Woke my cousin mike up  
Could be some niggas sent to strike us  
'Cause back then so many niggas didn't like us  
Looked out the window, all I saw  
Was FBI and snipers  
I let the china white flush  
And put that motherfucking 4-5 up  
See the dope fiend he informed us

Told us its gonna be a sweep and thenHe tried to warn us  
But niggas out here try to make they money  
So we nourmous then only a battering ram  
Bustin' down your shit, nourmousHighway patrols, 5.0s, ambulance and coroners  
In case there was a shootout or high-speed chase performance  
By 9:00, they lock down each baller from every corner  
From north to west on down to East Oakland, CaliforniaBut, but, them niggas from the O is hard as fuck  
We sell Peruvian flake powder or get it rocked up  
Want nothing in life but to retire from the game  
With some change in the city of cocaineEast Oakland, yeah, thats right  
City of dope  
East Oakland, yeah, thats right  
City of dope
